

Thermoforming Films

PressSense® offers a wide variety of forming and non-forming films to meet your critical applications. Our extensive inventory of the most common products is ready to be slit and converted to your specifications.

Forming/Non-Forming Features:

- PA/EVOH/PE high barrier structure for the most demanding applications
- PA/PE medium barrier structure for frozen applications/breathability is also available
- Water-quenched extrusion technology produces a high clarity, high gloss film
- Excellent resistance to puncture and abrasion
- Outstanding forming, draw-down, and sealing characteristics
- Films available from 3 mil to 12 mil
- Clear film is standard – custom colors can be special ordered
- Available in lock-seal or easy-peel

Applications:

- Steak, Sausage, & Fresh Meat
- Frozen Meats
- Poultry
- Fish & Seafood
- Cheese
