

Polyester Lidding Films & Heat Sealable Overwrap

PressSense®, in conjunction with Dupont Teijin Films offers the broadest range of Mylar® Lidding and Mylar Heat Sealable overwrap polyester films. Dupont Mylar® products are engineered to meet the most demanding applications. PressSense film experts will assist in identifying the ideal solution along with custom converting, quick-turn around and inventory stocking programs.

Lidding Film Features:

- Dual Ovenable - microwave and conventional oven safe
- Shred Resistant
- Superior strength for skeleton wind
- Seals to variety of trays
- Self-Venting during cooking
- Excellent hot tack
- Low seal initiation temperature
- Strong seals to maintain adhesion through contamination, refrigeration & freezing applications
- Anti-fog treatment available for refrigerated applications
- Corona Treated or chemical treated for bonding of inks, adhesives and laminations
- FDA compliant

Heat Sealable Overwrap Features:

- Dual Ovenable - microwave and conventional oven
- Coextruded, one side amorphous, heat sealable
- FDA compliant
